### EDUCATION

#### **DERMATOPATHOLOGY FELLOW**

Tufts University/ Caris Dx

July 2008- July 2009

Prepare and present tumor boards and grand rounds

Weekly Dermatopathology review for dermatology residents

Daily half day dermatology clinic where I cared for my patients

#### **PATHOLOGY RESIDENT** University of South Florida

July 2005-June 2008

House Officer PGY 3

Senior resident duties overseeing interns and medical students and autopsy service.

#### **MEDICAL SCHOOL** Ohio State University College of Medicine

August 2001-June 2005

MD, Graduation June 12, 2005 (Honors)

Elected to AOA (Alpha Omega Alpha) medical honor society as a third year inductee

---

#### **GRADUATE SCHOOL** The University of Akron

Master of Science, Biology with specialization in Immunology, Aug 1999- June 2001 (GPA 4.00)

#### **COLLAGE** The University of Akron

Bachelor of Science, Biology with specialization in Microbiology, Aug 1993- Aug 1997 (GPA 3.5)

### WORK HISTORY

#### **DAYSTAR SKIN & CANCER CENTER: (August 2013 – Present)**

- General dermatology
- Surgical dermatology
- Director of Dermatopathology

#### **ASSOCIATES IN DERMATOLOGY (August 2012- August 2013)**

- Dermatology Clinical
- Dermatopathology

#### **GULF COAST DERMATOLOGY (June 2011- August 2012)**

- Director of the laboratory
- Clinical Dermatology and Radiation Therapy
- Daily case load 250 biopsies
- Oversee surgical dermatology cases

#### **DERMPATH DIAGNOSTICS (March 2010- June 2011)**

- Attending Dermatopathologist
- Trained to become a Managing Director
- Lectured on Dermatopathology to dermatology programs at Michigan State, University of Michigan, The Ohio State University, University of Florida, Sun Coast University, Ohio University

- Intraoperative Mohs reads and frozen section reads biweekly. Both onsite and remote intraoperative consults.

#### **CARIS Dx** (July 2009-March 2010)

- Instructor of the Harvard Dermatology/Dermatopathology Board Review
- Run slide conferences for the dermatology residencies, Harvard/Boston University/Tufts
- Run slide conferences for the West Roxbury VA
- Run the nurse practitioner and physician assistant biopsy and disease courses
- Associate professor Tufts University Medical Center
- Associate professor Newton Wellesley a Harvard Partner Hospital
- Full time case sign-out including high priority slow MOHS reading
- Consult service daily
- Work closely with the sales representatives to secure and maintain clients

#### **SCIENTIFIC PRESENTATIONS & PUBLICATIONS**

- **The University of Akron Biology Colloquium-** April, 1999 Thesis defense: *Cells staining for nitric oxide in the bone marrow correlates with natural suppressor cell activity*
- **Joint Water Pollution Control Plant-** May, 1999 *PCR and its uses in Environmental Studies*
- **USCAP-** March, 2007 poster presentation: *CK 7 positive CK 20 negative Merkel cell carcinomas*
- **USCAP-** March, 2008 poster presentation: *Assessment of Muscarinic and Nicotinic Acetylcholine Receptor (AChR) Expression in Primitive Neuroectodermal Tumor (PNET)/Ewing's Family of Tumor (EFT) and Desmoplastic Small Round Cell Tumor (DSRCT): An Immunohistochemical Study of Tissue Microarray and Western Blot Study of Tumor Cell Lines*
- **USCAP-** March, 2008 poster presentation: *Acetylcholine Receptor expression in Merkel Cell Carcinoma.*
- **USCAP-** March, 2008 poster presentation: *Bif-1 Bax expression in cutaneous Merkel Cell Carcinoma.*
- **Moffitt Cancer Institute Multi disciplinary conference-** April, 2007 *Typhlitis*; May, 2007 *Acute hepatitis in cancer patients*
- **Grand Rounds-** November, 2005 *Peripheral nerve sheath tumors*; October, 2006 *Cyclic citrullinated peptide*; December, 2006 *Lymphomas a concise review*; June, 2007 *Antigen antibody and the immune system*; June 08- present Weekly presentation
- **American Society of Dermatopathology** San Francisco- 2008, two abstracts, *Aromatase expression in Angiomyxomas* Caris Cohen/ Tufts University; *Aromatase may play a role in the pathogenesis of Juvenile Nasopharyngeal Angiofibroma*
- **Connective Tissue Oncology Society** London, England- 2008 abstract *CD5 expression in muscular tumors.*
- **American Society of Dermatopathology** Chicago- 2009, *Basaloid induction overlying digital mucus cysts: A case series*

## AWARDS AND HONORS

### SCHOLARSHIPS

- Track & field and cross country full four year athletic scholarship
- All Conference Mid American academic honors (1994-1997)
- Ohio state champion track & field
- Captain of my university's track & field and cross country teams

### GRANTS

- Five departmental research grants
- Grant by Novartis Pharmaceutical for the exploration of Darifenacin and AChR expression on human cell lines of Ewing's sarcoma.

## **SOCIETIES**

- Alpha Omega Alpha Medical Honor Society
- Golden Key National Honor Society
- Phi Sigma Alpha Honor Society
- CAP representative for USF department of pathology
- USCAP member
- CAP member

## **ACTIVITIES**

- **Journal Reviewer** (2008)
  - Journal of Cellular and Molecular Medicine
  - European Journal of Dermatology
- **Faculty Advisor for International Scholar Laureate Program China** (2005)
  - Mentored medical and premedical students and helped instill leadership qualities
- **Christian Medical and Dental Association** (2001-2005)
  - Leadership team member
  - Developed and organized activities with the other leaders
- **International Mission on Medicine** (2002)
  - Nominated & attended trip to South Africa
  - Visited South African cities and tribes along with orphanages and TB hospitals
- **Vineyard Free Medical Clinic** (2001-2005)
  - Medical student volunteer
  - Performed physical exams, sick visit exams and prayed with patients on prayer team
- **Youth Leader Assistant** (1998-1999)
  - Assisted youth pastor with activities and ministry
  - Served as counselor on trips
